Remember the prosecutor does not exonerate. They just consider prosecution and decide yes or no.

For instance if a perp is pulled over for speeding and they find a body in the trunk. I highly doubt they are going to prosecute the speeding ticket

Pelosi has a better chance of seeing Jesus than Senate cooperating with impeachment, I still have never hear any actual reason for impeachment. Senate will go after Mueller

We were sued in March of 2018, it was on the front page of CNN, among other liberal media outlets. We were sued by the brother of Seth Rich.

I will not go into detail about that, but you can find the suit, we've talked about it extensively over the last year.

For Two Years now our team has been the authority in the Seth Rich Murder Case.

We've uncovered the break up, hush money, politicians at the hospital, Where he went that night, His roommate working for Hillary, we've ben threatened, sued, & slandered by the mainstream media.

We have worked hard & diligently. We have had very little support. I want to personally thank the 300 or so Patriots who've had the courage to stand with us and donated over the past two years.

Without your support we would have never uncovered what we did in this investigation.

How is it that @RealJamesWoods is currently being banned on Twitter, but @JimCarrey is not? It's certainly not any standard based on "hate." Carrey's latest Twitter "art" shows Bill Barr drowning in a sea of vomit. @Jack — how 'bout we let everybody speak and the People decide?

But as Sen Cruz said, Jim Carrey was not banned or even suspended. Speaks volumes for the "free speech" they cherish!!

President Trump is sweating like a stuck hog meeting with the press on his way to Marine One..

This man is amazing, he answers questions for 34 minutes...

Name another President who did this for the American people?

You can't! He loves America!

For all my fellow conservatives that get censored here's a little tip.. Stop tagging these people you're referring to in tweets.. That's called targeting & it gets you on the list...

Say what you want without tagging these Democrats in your tweets.. They won't respond anyway...

I'm a conservative SS teacher. There are still some of us left that haven't drank the koolaid, nor are we mind-poisoning the children. I teach the rights and why we have them. I teach the constitution and critical thinking. We aren't all evil. There is still hope

Oh, have no fear. Those who can effect change know who they all are and will take action when the time is right. The fact that they're still there simply means they're still serving a purpose. When they're no longer needed, they'll be gone.

My heart is full as I continue to grieve for Seth Rich, shot by an unknown assailant as he walked to his Washington, D.C. home in the early morning on the Lord's Day. Seth was my colleague at the Democratic National Committee. He worked on one of democracy's highest callings: registering citizens to vote and helping them find their polling place.

So this is what America has become. A fascist oligarchy where institutionally imposed sentinels are standing guard over your thoughts and words to punish you the moment you stray from the permitted script. Frogs in boiling water, we are.

Today WP has a column with a fake accusation of bribery directed at @realDonaldTrump. Bribery is offering anything of value(a $1.2b loan)to influence official action (firing a prosecutor investigating his son). Biden did just that and WP is covering it up. Now that's corruption

The lawsuit was on the front page of CNN back in March of 2018, we're in the midst of fighting it. For those inquiring about the complaint it's public

They want us to be silent & stop investigating & talking about Seth Rich, that's the only terms that they will agree to.

The murdered body of Arkansas State Senator Linda Collins-Smith was found shot to death and wrapped in a blanket according to authorities here on the ground in Arkansas.

That's not a suicide, that's a murder folks. She had been working on child trafficking according to sources.

1) My Team will NEVER reveal a Source, that's called Journalistic Integrity. We've never done with Seth Rich, or others. Period! Don't Ask!

Mr. Tapper, when whomever leaked the dossier "alert" to you, did they happen to mention it was financed by the Hillary campaign?

Either they did or they didn't.

If they did you didn't report it. If they didn't why are you still protecting their identity?

fb is a real evil tool used by the left
I deleted my account yesterday. They hid comments on me, synched my accout with twitter, & some other acts that you would only expect from troubled teens.

She thinks she does. But, she doesn't.
Like all those little schools holding up signs that say "We want Alabama" they really truly don't. Not if they have an ounce of brains.. which probably explains a lot

personally briefed Tapper about the Comey-Trump meeting almost immediately after it occurred. We know this from findings contained within the House's Final Report on Russian Active Measures:

"It is important to note that Evan Perez, Jim Sciutto, Jake Tapper, and Carl Bernstein of CNN reported on January 12, 2016 [original publication was on January 10, 2017], that President-elect Trump was briefed on classified information indicating that the Russians have compromising personal or financial information that the Russians could use against President-elect Trump."

"The Committee's investigation revealed that President-elect Trump was indeed briefed on the contents of the Steele dossier and when questioned by the Committee, former Director of National Intelligence James Clapper admitted that he confirmed the existence of the dossier to the media."

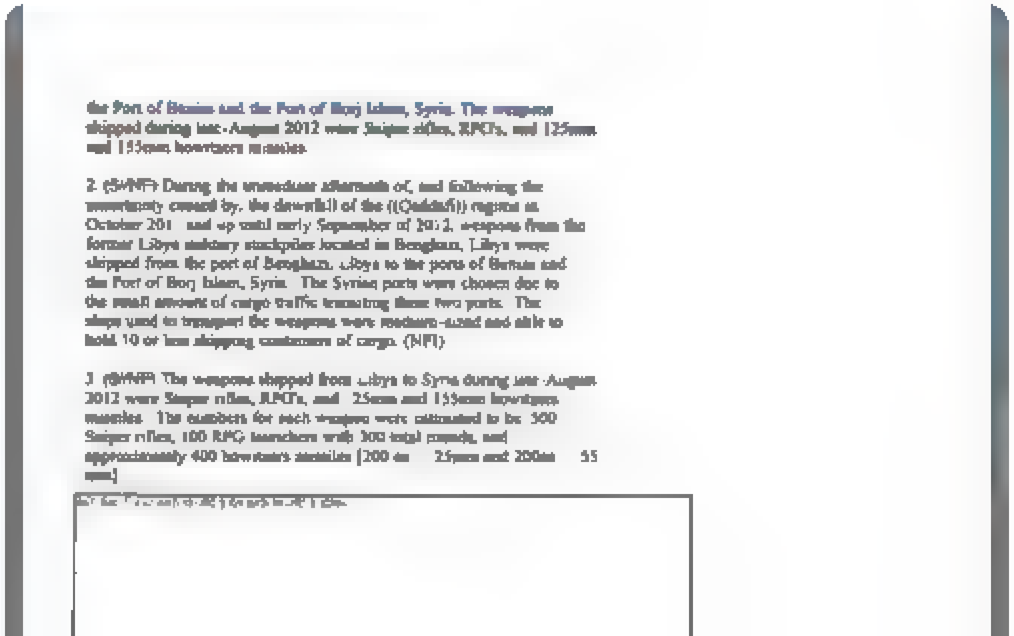
There are a variety of concerns:

1 Libya to Syria via Benghazi

judicialwatch.org/wp-content/up...



the Port of Banias and the Port of Borj Islam, Syria. The weapons shipped during late-August 2012 were Sniper rifles, RPGs, and 125mm and 155mm howitzers missiles.

2 (S//NF) During the immediate aftermath of, and following the uncertainty caused by, the downfall of the ((Qaddafi)) regime in October 2011 and up until early September of 2012, weapons from the former Libya military stockpiles located in Benghazi, Libya were shipped from the port of Benghazi, Libya to the ports of Banias and the Port of Borj Islam, Syria. The Syrian ports were chosen due to the small amount of cargo traffic transiting these two ports. The ships used to transport the weapons were medium-sized and able to hold 10 or less shipping containers of cargo. (NFI)

3 (S//NF) The weapons shipped from Libya to Syria during late-August 2012 were Sniper rifles, RPGs, and 125mm and 155mm howitzers missiles. The numbers for each weapon were estimated to be: 500 Sniper rifles, 100 RPG launchers with 300 total rounds, and approximately 400 howitzers missiles [200 ea ... 125mm and 200ea ... 155 mm.]

Such a phony hurricane report by lightweight reporter @jonkarl of @ABCWorldNews. I suggested yesterday at FEMA that, along with Florida, Georgia, South Carolina and North Carolina, even Alabama could possibly come into play, which WAS true. They made a big deal about this...

Think about this.. At 18 they will allow you to have $200,000 in student loans, but won't allow you to get a $20,000 business loan to start a small business.

That's what happens when Government gets involved.

We need more skilled trade & entrepreneurs & less college graduates.

I think @therealroseanne broke Twitter.

Liberals are saying 100X worse things to her right now than she said about Valerie Jarrett.

Roseanne has proved her point.

It's okay for liberals to say whatever they want, but conservatives must mind their P's and Q's. #hypocrisy

It's not a shame. It opens up a massive void in the market to be filled by small business.

Also, the companies doing this, are part of the problem

I will happily watch them lose money

10 kids were shot in Alabama at a high school football game this Friday.

And 35 people were shot with 7 killed this weekend in Chicago.

But the media is silent

And that's because black on black crime doesn't push "white supremacy" & murder in Chicago doesn't push gun control.

How can you be that naive?

It's amazing all of these people like Fox News joined in to stand up for Jim Acosta, who's not a Journalist, he's an antagonist trying to make the news about himself, and not covering the news..

Yet not one of these outlets has stood up for Julian Assange or Wikileaks..

Did you brief him about any — any of the other things in the Steele dossier, claims that his associates, Michael Cohen or Paul Manafort, were potentially working with the Russians? Or was it only about the prostitutes?

I have not forgotten that when it was announced that was going to do The Apprentice, and when it then became a big hit, helping NBC's failed lineup greatly, @DebraMessing came up to me at an Upfront & profusely thanked me, even calling me "Sir." How times have changed!

63 people were shot and 12 killed last week in Chicago..

Did anyone in the mainstream media report this?

Nope.. CNN and Fox News both ignored Reporting this on their programs.

It's time to support independent media.

We keep hearing about the gun violence in Chicago but no details are ever given. Who is being killed, Who is doing the murders, what is it due to what motive do they have. Is it all about drugs or is it mobs and territory fights. What is it. Information helps to stop it.

We get asked all the time "How can we help support your team?"

Here's the easiest way. If 10% of our followers visited our website once a day, we would be fully funded and not need crowd funding.

Currently we have 1% doing this!

The Times is a disgrace
The plot to destroy Kavanaugh was a disgusting political hit
The 3 women who came forward were either deluded or liars
The Left's incentive to take him out was obvious

Kavanaugh allegation "witness" Max Stier was a Clinton defense lawyer during the Monica Lewinsky scandal.

Brett Kavanaugh was one of Ken Starr's prosecutors investigating Clinton to whom Stier lost

Guarantee Stier held a grudge all these years and this was his play.

You're for Bernie Sanders which means you must be able to show how we can afford Trillions in his Government plans to give everyone "free stuff"

Most of my team has served this nation, have you?

The Saudis should fight their own battles, Iran hates you.

The End.

All Polls, and some brand new Polls, show very little support for impeachment. Such a waste of time, especially with sooo much good that could be done, including prescription drug price reduction, healthcare, infrastructure etc.

It wasn't just heather Samuelsson. I believe Cheryl Mills was also granted immunity. The pair also pretended to be Clinton's lawyers, and on that basis refused to answer questions, hiding behind attorney client privilege. The FIB actually allowed this.

When trolls attack you with all their personal insults and name calling - please don't stoop to their level.

They're just trying to get a reaction to report you and get you put in Twitter jail.

I never call them names. I use humor.

They hate happy people. Then I win.

You need to add a lot more detail. For example, McDougal did die of a heart attack in prison AND medical help was mysteriously delayed for 45 minutes.

Fanaticism is running rampant among the top democrats & their true believers. The witch hunts have already started. This should be obvious & unmistakable to anyone who isn't a fanatic. Dark days ahead if they ever gain control. KAGA

That does sound like a lefty saying what someone needs. Like anyone cares what someone else thinks they need. That's the whole problem with liberals they want to tell you what you need. Why do I need an A.R. 15 because I want an A.R. 15 no other reason.

Can anyone name Laws that have actually helped or benefited Americans?

More government is the problem.

We need LESS government not more.

Start enforcing the laws on the books before making more asinine laws that won't help.

I disagree.. California throws all of its money away and they constantly complain about anything with common sense or logic..

You're talking about a State that tried to pass a law to keep a duly elected President off the ballot unless he showed his taxes.

Where are the body cams in the Seth Rich Murder?

4 of 6 responding officers were wearing them...

What was said? Why won't they release them?

Facts

In 2016, 85% of black women felt that the Democrat party best represented their interests

According to the latest poll, that number is now 73%

A 12 point drop after 2 years of @realDonaldTrump delivering on his promises

Democrats should be terrified.

Facts:

Hispanic unemployment hit an all time low in August

For the past 17 months straight in @realDonaldTrump's economy, it has been under 5%

In 22/32 months in office, it has ben under 5%

Before Trump, Hispanic unemployment fell below 5% only ONE TIME since 1973

Historic!

"Journalism" is dead. Bury it. That the media is enthralled & captivated by the nonsensical "Sharpie-gate" non scandal, yet are completely uninterested in the biggest scandal of our time (Spygate), speaks to their absolute incompetence & irreconciliable bias.

You know what I've never seen? I've never seen Code of Vets Ask for anything to do something for those veterans in need.

They just put in the work and find a way to help those in need.

What would happen if every nervous patriot, the overwhelming silent majority, woke up one morning and went about their day publicly showing their support for America? We are letting the #fakenews illusion needlessly rob us of our freedom to express our love of God and country

Matt, clearly disarming ourselves will magically alter the ether and through osmosis finally solve the problem of climate change. I read that on the back of Rob Reiner's head

There's an old saying my Dad uses..

"Don't let someone who's never done anything, tell you anything.."

That's my take on the mainstream media and liberals worshipping the ground and opinions of a child with a sailboat..

No Thanks..

Holy sh!t. Trump has primary challengers, but his party is canceling primaries to deprive their voters a chance of unseating him. Republicans are so into suppressing voters they don't even want REPUBLICANS to be able to vote

Watching him speak at the U.N. it is clear he is the baddest man in the room, and they know it.

You will see it was a very friendly and totally appropriate call. No pressure and, unlike Joe Biden and his son, NO quid pro quo! This is nothing more than a continuation of the Greatest and most Destructive Witch Hunt of all time!

Release the Whistle Blower Report to Congress as is required by law. Fuck the transcript. You know at a minimum that the context will be a lie. It is probable that the transcript is doctored or an alternate call or an alternative fact.

This is only act 1 in the Biden Corruption Chronicles. act 2 is his son getting 1.5B from the bank of China w/o any previous investing experience, not even Goldman Sachs could get that but all of sudden Hunter Biden, a crack addict, gets 1.5 billion dollars!

House Republicans should allow Chairs of Committees to remain for longer than 6 years. It forces great people, and real leaders, to leave after serving. The Dems have unlimited terms. While that has its own problems, it is a better way to go. Fewer people, in the end, will leave!

Great news that an activist investor is now involved with AT&T. As the owner of VERY LOW RATINGS @CNN, perhaps they will now put a stop to all of the Fake News emanating from its non-credible "anchors." Also, I hear that, because of its bad ratings, it is losing a fortune....

Great news that an activist investor is now involved with AT&T. As the owner of VERY LOW RATINGS @CNN, perhaps they will now put a stop to all of the Fake News emanating from its non-credible "anchors." Also, I hear that, because of its bad ratings, it is losing a fortune.

I know nothing about an Air Force plane landing at an airport (which I do not own and have nothing to do with) near Turnberry Resort (which I do own) in Scotland, and filling up with fuel, with the crew staying overnight at Turnberry (they have good taste!). NOTHING TO DO WITH ME

Amazing how many liberal women are pro abortion yet when they decide to keep the baby they want you to "feel the baby kick" but then they'll tell you it's not a human being..

Can someone explain to them what's kicking?

A pro abortion woman could be on the way to the clinic to get an abortion, get into an accident where the baby dies as a result and the driver at fault can be charged with vehicular homicide but the mom can murder it and nothing.

For the pro-abortion Left, the definition of baby is ENTIRELY dependent on whether the baby is desired or not. The nature of the baby is ALWAYS the same.

Odd that your tweet doesn't say in 2014? mean you wouldn't want people to know you're biased trying to create a narrative. Sick!

I fixed it for you. Well before politics a developer of the largest and most luxurious resort in the area worked with the local municipalities

Christians should dress up for Purim. It's symbolic of going to meet Jesus as the King for the rapture/wedding. If you dress up for Halloween, be careful. It shows either you are on Satan's side, or you are ready to war. I was Supergirl last year. This year I'm Captain Marvel.

ABC/Washington Post Poll was the worst and most inaccurate poll of any taken prior to the 2016 Election. When my lawyers protested, they took a 12 point down and brought it to almost even by Election Day. It was a Fake Poll by two very bad and dangerous media outlets. Sad!

One of the greatest and most powerful weapons used by the Fake and Corrupt News Media is the phony Polling Information they put out. Many of these polls are fixed, or worked in such a way that a certain candidate will look good or bad. Internal polling looks great, the best ever!

Obama's CIA was smuggling weapons from Benghazi, Libya, to Syrian ISIS terrorists.

Rudy Giuliani @RudyGiuliani · Sep 10

We will never forget 9/11. It was the worst attack on our nation since the War of 1812. It was the greatest display of domestic bravery in anyone's memory. The enemy attacking us that day is still killing Americans. We honor all who have kept us safe.

Ask a House Democrat whether or not they're impeaching the President, and you'll probably get a different answer from all of them

It isn't just that they don't have a case. They can't even get their story straight.

The CIA planted a SPY inside The White House

How is this not treason from one of our Intelligence Agencies?

Should this not be the most concerning and alarming part of this nonsensical story to the American people?

Jessica, Pete's not wrong. It S always something else that Dems need. It's never ending, and it's old. The entire need thing is based on eventually finding dirt to attack the President with. Trump is not wrong when he calls it Presidential harassment.
